

sabbath day matching game

Print this page (recommend cardstock) and cut each card out individually. Place the cards, face down, forming a rectangle. Each person takes a turn trying to find a match by turning over two cards. If it's a match, discuss whether the activity is something we should or should not do on the Sabbath day. If it's not a match, turn the cards back over, and the play continues with the next person. Continue until all matches are found.
