# PACKET

{ Activities and Poke Pages from **A** to **Z** }

This Packet Belongs To:

Date:

**Instructions:** These pages work best if printed onto cardstock (it makes poking the letters easier), however you may choose to print onto regular paper if desired. (Although I would still try to print the "C" page on cardstock.)

Each page contains a letter of the alphabet to poke and an activity related to that letter. It's fun to just tell the children to 'poke the letter' and then let them interpret that as they will. Some will poke through each hole. Some will poke all over. There is no right or wrong. Only fun.

For each activity, simply follow the instructions on the page. Younger children (this packet is geared toward approximately age 5 and older) may need help with some pages (especially when it comes to reading or writing), but for the most part these are activities they should be able to handle with minimal supervision. (Although young children should definitely be supervised with their poking device. ☺)

Also note, page "Q" has instructions for something to do prior to Conference beginning.

**Supplies Needed:** Cardstock paper (or regular paper); Push Pin (or other easy-to-grip poking device); Crayons and/or Markers; Pen and/or Pencil; Scissors; Glue or Gluestick; Tape; Ingredients for Lemon Bars (see Bonus Recipe for the "Z" page)... and I think that's it! ☺

**Special Thanks:** This packet has been a real labor of love! And while I've exhausted just about all my creative juices in coming up with these pages and most activities are my original ideas, I cannot take credit for the majority of the artwork in it. Someday I will learn how to get my drawings on the computer, but for now I am extra thankful to those who generously share their digital artwork so we can all enjoy it. A special thanks to Melanie Millet from [GreenJelloWithCarrots.com](http://GreenJelloWithCarrots.com) for allowing me to use some of her coloring pages (pages "B" and "P"); The Friend for many of their pictures, coloring pages and activity ideas; and to the other various free clipart sites on the internet as well. And an extra special thanks to all of you for taking the time and making an effort to help your children listen to and learn from General Conference. I hope and pray that your efforts are rewarded. Enjoy!

With Love,  
Debbie

# Latter-day Prophets Maze

Find your way through the maze by passing each of the Latter-day Prophets in the right order. Start with Joseph Smith (#1) and end with our current prophet, Thomas S. Monson (#16).

(Note: Even though there is an opening at each prophet's name, you don't actually exit the maze. Just continue on past the opening until the finish.)

### NEAT STORY:

When Thomas S. Monson was a teenager he was swimming in the Provo River, and saw a crowd of vacationers shouting frantically that a member of their party had fallen into the river and was likely to drown in the whirlpools toward which she was being swept. At just that moment, she thrashed her way into Thomas Monson's view. He swam to her side, took her in tow, and made his way to the bank. He saved her from drowning.

Taking notes during Conference helps you to remember some of the important things the speakers talked about. However, it is not only important or helpful to write down the things they say, it is also important to write down the thoughts and feelings that come to your mind and heart as you listen to and feel the Holy Ghost. That is one way that Heavenly Father can speak directly to YOU during General Conference.

Place a small amount of glue in the indicated areas of the heart on the previous page. Line up the flaps of the heart you cut out so that they match up with the other heart and then press them into place where the glue is. Allow to dry.

Once the glue is dry, you can open and close the flaps of the heart to reveal what is in your heart.

When Joseph Smith prayed in the Sacred Grove, he received a vision of Heavenly Father and Jesus Christ. This began a new dispensation in which we once again have modern-day revelation given to prophets to guide us.

We can also receive personal revelation from our Heavenly Father when we pray and listen to the Spirit.

is for Uchtdorf.

Dorn in Czechoslovakia (during a time in which it was occupied by Nazi Germany), he is the only current apostle born outside the United States.

He has two children: a son, named Guido, and a daughter, named Antje.

He has had a lifelong love of flying and at about age 14 he would ride his bike to the Frankfurt Airport to watch the planes. Sometimes he would even be allowed to climb into the cockpit and stare up and the skies.

# FUN FACTS

He met his {future} wife at what was then called MIA for the youth of the church. Now we call it Mutual.

After being in the German Air Force (in Germany) for six years, he went to fighter pilot school in Big Springs, Texas.

President Dieter F. Uchtdorf is the Second

Counselor in the First Presidency.

### NEAT STORY:

On December 17, 1973, the president of Lufthansa German Airlines received alarming news. Five terrorists had hijacked a Lufthansa 737 jet in Rome, Italy, and were making their way to Athens, Greece, with hostages on board. In an instant, Lufthansa's president ordered into the air his chief pilot for the 737 fleet. Thirty-three-year-old Dieter F. Uchtdorf was to take a small group of emergency personnel and follow the hijacked plane wherever the guerrillas took it. In every setting possible he was to negotiate for the release of the plane, the pilots, and the hostages. Then, when all of this had been accomplished, he was to fly the hijacked 737 back to headquarters in Frankfurt.

With fortunately no more bloodshed, this mission, like so many others he had been on personally and professionally, was successfully accomplished. Unknown to him at the time, it was a portent of more important missions yet to come.

 Listen carefully to the words of the speakers. Each time you hear one of the words shown on the BINGO card, place a marking piece (a button, a candy, a raisin, whatever you choose...) on that picture space. When you get five spaces covered in a row, whisper, "BINGO!" and get a prize/snack or just start over. 😊

(Note that the middle square is a FREE space, so you can always keep a marking piece there.)

General Conference is for YOU! It can help you learn about our Heavenly Father and His plan for YOU.

Instructions:

On the following page, color and cut out a doll that represents YOU. Glue it onto this page. Color and cut out some clothes as well to put on your doll. Then write down a few things you have learned from Conference that will help you to be better, do better, feel better, etc.

One of my favorite things I heard at Conference was...

I want to remember to be better by doing...

Something good I want to do for others is...

I felt good inside when I learned that...

In Conference, I learned that I can...

I hope I always remember that...

Color and cut out a doll that represents YOU. Glue it onto the previous page. Then color and cut out clothes for your doll. Glue (or tape) them onto your doll.
